

CITY OF DANIA BEACH
COMMUNITY DEVELOPMENT DEPARTMENT
STAFF REPORT

DATE February 8, 2011

TO Robert Baldwin, City Manager

VIA: Robert Daniels, Director *Robert Daniels*

FROM: Corinne Lajoie, AICP, Principal Planner *Corinne Lajoie*

SUBJECT **TX-50-10** - The applicant, the City of Dania Beach, is requesting to amend the OneCode, Land Development Regulations by creating a new zoning district entitled Marine for use within the CRA, as well as other text amendments to the Land Development Code (FIRST READING).

TEXT AMENDMENTS

1. To provide for the creation of a new zoning district entitled Marine; Section 110-20, Article 303, Section 303-100.
2. To include airport related language as requested by the Broward County Aviation Department; Section 220-20 & Article 260, Section 260-10.
3. To insert language erroneously omitted related to the Residential Office (RO) zoning district; Section 110-180 & Article 205.
4. To correct scrivener's errors regarding marine structures including docks and moorings; Article 240, Section 240-20.
5. To correct scrivener's errors by providing dates where dates were missing; Section 105-20 & 105-220, 215-50, 705-10, 705-20.
6. To permit assembly, repair and fabrication of furniture, home furnishings, art objects, clothing, leather goods and jewelry in the IROM and IROM-AA zoning districts; Section 115-40.
7. To identify setback requirements for IROM-AA properties; Section 205-10.
8. To clarify an irregular density on some Neighborhood Residentially zoned properties; Section 302-20.

On September 14, 2010 the City Commission approved the City's new Land Development Code, referred to as OneCode. As staff continues to use the new regulations scrivener's errors, inaccuracies and vague, imprecise or ambiguous language begins to emerge, some of which staff is proposing to address at this time.

TEXT AMENDMENT

1. CREATION OF A MARINE ZONING DISTRICT

At the request of the CRA Executive Director, staff created a Marine zoning district for use within the CRA, which further the goals of the CRA Redevelopment plan. The proposed

district is envisioned to be located along the Dania Canal where Old Griffin Road is located today. The CRA Redevelopment Plan calls for re-routing Old Griffin Road to the south, creating waterfront property and allowing for the expansion of the marine industry in the city. The zoning map amendment, identifying the location of the new zoning district, will follow at a later time.

The new Marine zoning district will permit marine related activities, and require special exception approvals for many of the outdoor marine uses to ensure compatibility with adjacent properties.

2. AIRPORT RELATED LANGUAGE

As part of the public outreach related to the OneCode, the Broward County Aviation Department provided comments and suggested language regarding height regulations and airspace restriction. Much of this language is required by state and federal regulations.

3. RESIDENTIAL OFFICE (RO) ZONING DISTRICT

The Residential Office zoning district was established on June 28, 2005. Several sections of the original RO zoning regulations were erroneously omitted from the new OneCode document. The proposed amendment reinstates the omitted sections.

4. DOCKS AND MOORINGS

The amendments to this section were to correct the title of the responsible party for action (i.e. ~~building official~~ community development department) for ease of enforcement.

5. CORRECTION OF SCRIVENER'S ERRORS

The corrections of multiple scriveners' errors are included in this amendment by providing dates and ordinance numbers where they were missing. Corrections to section numbers that are referenced are also included. Finally, corrected title of responsible party for action (i.e. city ~~attorney~~) is included for ease of enforcement.

6. ASSEMBLY, REPAIR AND FABRICATION

The amendment is to permit assembly, repair and fabrication of furniture, home furnishings, art objects, clothing, leather goods and jewelry in the IROM and IROM-AA zoning districts, where it is currently prohibited. The old zoning code was silent regarding the use.

7. IROM-AA

When the IROM-AA zoning district was created on November 23, 2010 the setback requirements were erroneously omitted from the amendments. At this time we are identifying setback requirements for IROM-AA properties.

8. NEIGHBORHOOD RESIDENTIAL

The new zoning map identifies some Neighborhood Residential (NBHD-RES) zoned properties with a higher density to reflect the form of development that exists on the ground today. The proposed language clarifies this notation on the zoning map.

LOCAL PLANNING AGENCY RECOMMENDATION

On January 19, 2011 the Planning and Zoning Board, sitting as the Local Planning Agency, recommended approval of the property text amendments.
