

CITY OF DANIA BEACH
COMMUNITY DEVELOPMENT DEPARTMENT
STAFF REPORT

DATE: November 8, 2011

TO: Robert Baldwin, City Manager

VIA: Robert Daniels, Director *Robert Daniels*

FROM: Corinne Lajoie, AICP, Principal Planner *CL Lajoie*

SUBJECT; **VA-32-11:** The applicant, Corporate Property Services, Inc., is requesting sign variances for property located at 1301 South Federal Highway.

VARIANCE

To allow the following:

1. A 53.6 square foot total sign area on the east building elevations; code permits a maximum of 18.5 square feet. Section 505-140(C)(6)(b).
2. A 39.6 square foot sign on the south building elevation; code permits a maximum 9.25 square feet. Section 505-140(C)(6)(e).
3. A 14 square foot sign on the north building elevations; code permits no sign. Section 505-140(C)(6)(e).

PROPERTY INFORMATION

EXISTING ZONING:	South Federal Highway – Mixed Use (SFED-MU)
LAND USE DESIGNATION:	Regional Activity Center (RAC)
OVERLAY DISTRICT	Community Redevelopment Agency (CRA), Principal Arterial Commercial Design Standard

The subject property is an existing McDonald's restaurant. The McDonald's corporation has launched a nationwide campaign to revitalize and re-image many existing properties. The subject property's interior and exterior will be remodeled, including signage.

The length of the building's primary frontage on Federal Highway is 37 feet. The Code permits a sign area equal to half the building frontage ($37 / 2 = 18.5$ square feet). The code also permits a sign on the side street frontage equal to half of the sign permitted on the building frontage ($18.5 / 2 = 9.25$). The code does not recognize an alley as a street; therefore no sign is permitted on the north elevation of the building as it faces an alley.

In accordance with Section 625-40 of the ULDC, variances may be granted when:

- (1) Special conditions and circumstances exist which are peculiar to the land, structure or building involved and which are not applicable to other lands, structures or buildings in the same zoning district;
- (2) The special conditions and circumstances do not result from the actions of the applicant;
- (3) Granting the variance requested will not confer on the applicant any special privilege that is denied by this code to other lands, buildings or structures in this same zoning district;
- (4) Literal interpretation of the provisions of this code would deprive the applicant of rights commonly enjoyed by other properties in the same zoning district under the terms of this code and would work unnecessary and undue hardship on the applicant;
- (5) The variance granted is the minimum variance that will make possible the reasonable use of the land, building or structure; and
- (6) The variance granted will be in harmony with the general intent and purpose of this Land Development Code, and that such variance will not be injurious to the area involved or otherwise detrimental to the public welfare.

The building elevation on the north and south sides is 115.76 feet long. The code only permits a 9.25 square foot sign on the south elevation, which is not in proper proportion to the building. This creates a hardship because of the difficulty of the permitted signage to be seen from Federal Highway approaching the site since parking and landscaping exists between the building and the road.

The signage proposed is the standard signage utilized by the McDonald's corporation. In addition, the applicant is modernizing and rehabilitating an existing site of which signage is a significant component.

This property is located in the Community Redevelopment Agency (CRA). The Executive Director of the CRA is in support of the variance requests since it is the standard corporate signage used for remodeled restaurants.

CITY COMMISSION PREVIOUS ACTION

On October 25, 2011, the City Commission continued the item at the applicant's request.

STAFF RECOMMENDATION

Approve.

City of Dania Beach, Florida
 Department of Community Development
 Planning and Zoning Division

Cc: kristen_cps@bellsouth.net
Subject: FW: McDonald's at 1310 South Federal Highway
Importance: High

Good afternoon Corinne and Bob,

After speaking with the applicant and determining that this sign is standard to what they would do at any of their other restaurants which are being remodeled, I am ok with the variance request to install this sign.

Please let me know if you have any questions,

Best regards,

Jeremy Earle, ASLA, AICP
Executive Director
Dania Beach Community Redevelopment Agency

**VARIANCE JUSTIFICATION STATEMENT
McDONALD'S L/C # 009-0130
1310 SOUTH FEDERAL HIGHWAY
DANIA BEACH, FL
SEPTEMBER 21, 2011**

There is an existing McDonald's fast food restaurant with a drive-thru located at 1310 South Federal Highway. The 0.92 parcel is zoned SFED MU (South Federal Highway Corridor – Mixed Use/Transit Oriented Corridor), has a Regional Activity Center future land use designation and located with the Community Redevelopment Area.

McDonald's has launched a nationwide campaign to revitalize and re-image many existing restaurants. As part of this redevelopment program, McDonald's will be remodeling the interior and exterior of the existing restaurant as well as reconfiguring the drive-thru to the side-by-side concept. As a result of today's hectic lifestyles, current market demands necessitate convenient and economical places to eat. Fast food restaurants today are being developed to meet the changing needs of society.

This redevelopment project will have a positive influence on the surrounding properties, residences in the area and the City of Dania Beach in general. In fact, this project could be the catalysis for other redevelopment in the surrounding area. However, McDonald's current patrons are not familiar with the new image.

According to City of Dania Beach Land Development Code (Code) Section 510-30 Appearance, all structures on a site shall create a unified architectural theme and buildings with more than one façade facing a public street shall provide a treatment for each façade. McDonald's new architectural image implements the creative and aesthetically pleasing incorporation of wall signage. Therefore, the request for an additional wall signs will complete the new image as well as comply with the appearance requirements of the Code.

Pursuant to the City of Dania Beach Land Development Code Section 505-190 (Relief from requirement, sign variances), McDonald's respectfully submits this variance application and justification in support of these additional wall signs:

- “McDonald's” on the eastern elevation facing Federal Highway
- “McDonald's” on the southern elevation facing S.W. 14th Street; and
- “M” over the entrance door on the northern elevation facing the existing alley

These additional wall signs will complete the new image and will be consistent with what McDonald's is proposing to do at their restaurants nationwide.

1. **The sign, after the granting of a variance, will still maintain the basic intent and aesthetic improvement purposes of the sign regulations, particularly as it affects the appearance and compatibility with properties in the surrounding areas.**

The surrounding area is predominately commercial in nature. McDonald's complies with the character of the surrounding areas and will not have a negative impact. Granting of the requested variance will not be contrary to the public's interest, but rather will enable the redevelopment project to move forward. The requested wall sign will maintain the basic intent and aesthetic improvement of the sign regulations as it affects the appearance and compatibility with properties in the surrounding areas.

2. **The signs permitted under this code cannot be adequately viewed due to physical site distinctions.**

Although there are no physical site distinctions prohibiting the view of the restaurant, literal application of the sign code will prevent McDonald's from providing clear identification of the new imaged building. The requested variance to add the wall signs is minimal and will not compromise the overall functioning of the site.

3. **The applicant's hardship shall not be self-created or based solely on inability to comply with the code.**

Often, a customer's continued patronage depends on how easily the site can be identified and accessed. The limited signage permitted under the current Code prevents McDonald's from providing adequate business identification. Therefore, the hardship is not self-created or based on an inability to comply with Code. Approval of the sign variance request will enable McDonald's to continue to achieve customer recognition that is so vital to any commercial establishment. In turn, the proposed redevelopment project will be able to prosper, as well as continuing to be an asset to the Dania Beach community.

4. **The architectural design of a structure or the site plan poses unique and extenuating characteristics which are not compatible with the requirements of this article.**

McDonald's is improving the site through redevelopment. The new architectural image implements the creative and aesthetically pleasing incorporation of wall signage. McDonald's is not proposing to change the use, but rather upgrade the existing improvements. However, by doing so, this results in a reduction of exposure for the new restaurant and creates a hardship.

5. **The structure or site configuration are unique, which causes the signage permitted by this article to be ineffective in identifying a use or structure that would otherwise be entitled to a sign.**

Unlike other commercial properties along Federal Highway, the uniqueness of this McDonald's site is that it has three frontages: Federal Highway to the east, S.W. 14th Street to the south and an alley to the north. The alley is a public right-of-way for both vehicular and pedestrian traffic. Therefore, wall signage on the elevation facing the alley should be allowed.

The requested wall signs are not prohibited by Code. McDonald's will follow the applicable Code requirements for public notice regarding the requested sign variance. If approved, all provisions of the Florida Building Code pertaining to unsafe structures shall apply to these proposed wall signs.

- 1. GENERAL NOTES:
 - 1.1. ALL WORK SHALL BE IN ACCORDANCE WITH THE LATEST EDITIONS OF THE INTERNATIONAL BUILDING CODES AND ALL APPLICABLE LOCAL ORDINANCES.
 - 1.2. THE CONTRACTOR SHALL BE RESPONSIBLE FOR OBTAINING ALL NECESSARY PERMITS AND APPROVALS FROM THE APPLICABLE AGENCIES.
 - 1.3. THE CONTRACTOR SHALL MAINTAIN ACCESS TO ALL ADJACENT PROPERTIES AND UTILITIES AT ALL TIMES.

NOTICE OF PUBLIC HEARING
CITY OF DANIA BEACH
NOTICE IS HEREBY GIVEN that a public hearing will be held before the City Commission, on Tuesday, October 25, 2011, or as soon thereafter as possible in the Dania Beach City Commission Room, Administrative Center, 100 West Dania Beach Blvd., Dania Beach, Florida 33004, for the purpose of hearing any comments which might be made to the following request:

VA-32-11 - The applicant, Dawn McDonald with Corporate Property Services, Inc., representing McDonalds Corporation is requesting a variance from Part 2, Section 505-140(C) of the Unified Land Development Code (ULDC) for property located at 1310 South Federal Highway, Dania Beach. The variance request is to allow:

1.53.6 square foot total sign area on the east building elevation; The Dania Beach Land Development Code permits a maximum of 18.5 square feet. Section 505-140(C)(6)(b).

2.39.6 square foot sign on the south building elevation; The Dania Beach Land Development Code permits a maximum 9.25 square feet. Section 505-140(C)(6)(e).

3.14 square foot sign on the north building elevation; The Dania Beach Land Development Code permits no sign. Section 505-140(C)(6)(e).

Property is legally described as: NORTH HOLLYWOOD 4-1 B LOT 7,8,9,10 LESS COMM NW COR OF SAID LOT,ELY 59.40 TO POB,SLY 23.40 TO PT OF CURVE,SLY ALG ARC OF CURVE 29.26 TO PT OF REVERSE CUR,SLY ALG SAID CURVE 29.26,SLY 50 TO PT OF CURVE,SLY 8 WLY ALG ARC OF CURVE 7.79,ELY ALG S/L 20.44,NLY 135.92,WLY ALG N/L OF SAID LOT 7 TO POB BLK 45.

Copies of the proposed request(s) are available for viewing in the Community Development Department, 100 West Dania Beach Blvd., Dania Beach, Florida between the hours of 8:00 a.m. and 4:00 p.m., Monday - Friday please call (954) 924-6805 x3645 for more information. Interested parties may appear at the public hearing and be heard with respect to the proposed petition.

In accordance with the Americans With Disabilities Act, persons needing assistance to participate in any of these proceedings should contact the City Clerk's office, 100 W. Dania Beach Blvd, Dania Beach, FL 33004, (954) 924-6800 x3623, at least 48 hours prior to the meeting.

Please be advised that if a person decides to appeal any decision made by the Local Planning Agency, the Planning and Zoning Board or the City Commission with respect to any matter considered at this hearing, such person will need a verbatim record of the proceedings and for this purpose such person may need to ensure that a verbatim record of the proceedings is made, which record includes the testimony and evidence upon which the appeal is to be based. The city does not provide or prepare such record pursuant to f.s. 286.0105.

**RE: McDonald's
1310 South Federal Highway**

Dear Corinne,

As we discussed, McDonald's is currently scheduled for the October 25, 2011 City Commission meeting regarding our sign variance application. Due to a scheduling conflict, we respectfully submit this request to continue our item regarding the sign variance to the City Commission meeting on November 8, 2011.

If you have any questions or need additional information, please contact me at (954) 426-5144.

Sincerely,

Craig McDonald
