

CITY OF DANIA BEACH
COMMUNITY DEVELOPMENT DEPARTMENT
STAFF REPORT

DATE: September 11, 2012
TO: Robert Baldwin, City Manager
VIA: Marc LaFerrier, AICP, Director
FROM: Corinne Lajoie, AICP, LEED Green Associate, Principal Planner *CLajoie*
SUBJECT: **RZ-31-12/AF-32-12:** The applicant, Batia Dayan, on behalf of 4760 LLC., is requesting a rezoning and assignment of flex for the property located at 4760 SW 42 Terrace (FIRST READING).

REZONING

To rezone the property from Residential (RS-6000) to Commercial (C-2).

ASSIGNMENT OF FLEX

To assign the property flex, changing the land use designation from Low (5) Residential to Commercial.

PROPERTY INFORMATION:

ZONING: Residential (RS-6000)
FUTURE LAND USE: Low (5) Residential

The subject property is located on the north side of Griffin Road, immediately north of the applicant's daycare facility, Learn and Smile. Both properties are located immediately west of the Hess gasoline station. The applicant has owned the day care business 2005. The facility currently has between approximately 60 children.

REZONING

The applicant is requesting to rezone the property from RS-6000 to C-2 to allow for expansion of the existing daycare business. The applicant has indicated that her existing facility has reached its maximum capacity and she would like to expand by locating office space at the subject property. The applicant anticipates utilizing the property as an enrichment center to include a library, art and science center and an administrative office. The current zoning of RS-6000 prohibits any such expansion.

The Zoning Code requires 1 parking space for each 150 square feet for a daycare facility. The existing facility requires 16 parking spaces, 6 exist today. Rezoning the property for the use of the daycare will require an additional eight (8) parking spaces.

Today vehicles park on the swale along SW 42 Terrace or at the restaurant west of the property. Both off-site parking locations are unsafe for parents and children as it required crossing or entering the street to reach the day care site. A representative from the Broward Sheriff's Office acknowledges that parents of the students currently have no safe parking

solution when dropping off or picking up their children. In addition, the City Engineer indicates that a dedicated parking and crossing attendant during drop off and pick up times and appropriate signage should be employed to alert motorists of children in the area.

Thus far the applicant has been unable to provide the 8 required parking spaces for expansion of the day care. Therefore, staff recommends changing the zoning to Commercial (C-1) which will allow office, not day care use. Office use on the subject property will require 4 parking spaces (1 per 300 square feet), which can be accommodated on site with variances for landscape buffers.

ASSIGNMENT OF FLEX

The Future Land Use designation of the property is currently Low (5) Residential. In order to change the zoning to a commercial use, the underlying land use designation must be compatible. The applicant is requesting the assignment of 0.1 acres of Residential to Commercial flexibility assigned to the property, allowing it to be used for commercial uses.

The property is located in Flex Zone 81, which has a total of 56.6 acres of Residential to Commercial Flex available.

CITY COMMISSION PREVIOUS ACTION

On August 14, 2012 and August 28, 2012 the City Commission continued this item at staff's request.

PLANNING AND ZONING BOARD RECOMMENDATION

On July 18, 2012 the Planning and Zoning Board, sitting as the Local Planning Agency, recommended approval of the request, provided the applicant addresses the parking prior to final approval of the rezoning and flex request.

STAFF RECOMMENDATION

Approve rezoning the property to C-1 zoning and assignment of flex provided the applicant constructs the required parking on site.

RE: ARTICLE 645. REZONING 4760 SW 42 Terrace , Dania, FL 33314

To whom it may concern,

The above location is situated directly behind our existing Learn and Smile Preschool. As an educator and children advocate I have dedicated my profession to create a preschool which meets the needs of our diverse populations and in return will enhance our community .My goal is to utilize the above location as an enrichment center for an early childhood setting such as a library center, an art center and a science center where children will be encouraged to explore and develop their social and academic skills. In addition, I would like to create a small setting for my office and a place for professional development workshops.

In return, the transition of the existing location from residential to commercial will be a great value to our community which will ensure a comprehensive preschool program to meet the needs of our diverse community and invite prospective families.

Sincerely,

Batia Dayan, M.S. Ed.
