***Tax Base:** In an effort to reduce the tax burden on our citizens, it's imperative that we increase our tax base as it relates to existing business growth and new business development. A major effort on my part will be to increase the tax base in the city via innovative methods to assist with the growth of existing businesses and to attract new businesses. A major aspect of my plan is to coordinate our efforts with sister cities that have been successful in carrying out this task, as well as with local Colleges and Universities who train/prepare our future leaders.

***Airport Expansion:** As we all know, the Airport expansion is a major source of concern and stress for the residences, not only in Melaluca Gardens, but to all of the citizens of Dania Beach (over 10 years). This is a matter that needs to be resolved immediately so that we, the citizens of Dania Beach, particularly the residence in Melaluca Gardens can enjoy the quality life that they deserve.

***Civic Involment:** As for my civic involment, currently I am serving my third term as a member of the Planning and Zoning Board for the City of Dania Beach. In addition, I am a member of the Creative Arts Council Board for the City of Dania Beach, Fl. Further, I have always been passionate about the business of Dania Beach, having been mentored by past and present leaders in this City. Thus, I have a working knowledge of the operation of this City's Government and the business at hand.

My Civic involment extends beyond service in Dania Beach. As my Resume' reflects (See attached), I am the Assistant State Director (Florida) for the Shriners as Mentors Program, Director of the Shriners As Mentors – Shriners of Pompano Beach, Director of the National Diabities program with the Shriners of Pompano Beach, Fl, Chairperson of the Youth Department for FAMU Alumni, Florida State University Alumni member, member of First Baptist Church, Ft. Lauderdale, Big Brother/Big Sister mentor, etc.

With regards to my education, I earned a Masters Degree (MSW) from Florida State University, Tallahassee, and I earned a Bachelor of Science Degree from Florida A & M University, Tallahassee, Fl.

My passion and dedication to serve the citizens of Dania Beach should be obvious. Given the opportunity, I will bring new energy and ideas to this City as we move forward towards future growth and Development. If additional information is desired, please advise. I could be contacted via phone at 954-275-2579, or via e-mail at Davidnuby@aol.com.

Sincerely,

David Nuby, Jr.
