

August 14, 2013

Jackie Beauzil
Human Resources Manager
City of Dania Beach
100 West Dania Beach Blvd.
Dania Beach, FL 33004

Dear Jackie,

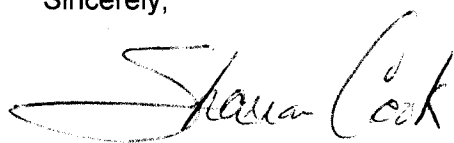

The current cost for the 2013-2014 school year crossing guard program is as follows:
12 crossing guards working 2.5 hours per day @\$12.58/hr and one field supervisor working 4.5
hours per day @\$12.58/hr. Total cost for 180 school days is \$78000.00.

There was a request by Broward Sheriff's Office, Dania Beach District to add two school
crossing guards at Stirling Road and 12th Avenue. The request was made after the intersection
was monitored and a significant number of children were crossing Stirling Road without a
crossing guard.

If this request is approved it will increase the 2013-2014 crossing guard budget by \$11,322.00.
That is based on two guards working 2.5 hours per day for 180 school calendar days
@ \$12.58/hr. If summer school is required it could impact the total cost. Summer school is not
determined until May, 2014.

Staffing Connection will need a written request from the City of Dania Beach requesting the new
crossing guards be added.

Sincerely,

Sharron Cook
Branch Manager, School Crossing Guard Division
