To: Mr. Robert Baldwin
City Manager
City of Dania Beach

From: Lieutenant James Murray
Executive Officer, Dania Beach

Subject: Law Enforcement Trust Fund Request
Crime Prevention – SMARTWATER CSI

This memorandum is being submitted to request the expenditure of LETF dollars for the purchase of Home-Coding Instant Tracer Kits for use in the Dania Beach District.

This request is for the purchase of 300 Home-Coding Instant Tracer Kits and 40 SmartWater signs which include warning stickers and registration forms. As the city moves forward with different crime initiatives for deterrence, this will aid law enforcement in identifying stolen property and assist in crime prevention. Furthermore, by the use of SmartWater, property items that normally do not have serial numbers or significant ways to be positively identified can be identified back to the true owner.

This is another resource in which the Broward Sheriff's Office Dania Beach District can enhance the quality of life for its residents and businesses. Currently one (1) Broward Sheriff's District and six (6) municipalities in Broward County as well as several cities in Palm Beach and Dade County have adopted this crime prevention and identification program. The uniqueness of this identifying liquid is that it's easy to apply to valuables and equipment, has proven durability and is invisible after drying. The signature of the liquid is easily traced through a database only accessible to Law Enforcement to rejoin the property back to the victim. All the training is provided by our SmartWater CSI law enforcement representative on how to apply the solution, spot it and collect a sample for identification. If approved, the total amount of this request would not exceed \$7,500.00 and the quote from SmartWater CSI in attached. Additionally, I have attached our most recent LETF Fund Balance Sheets showing a balance of \$44,916.10 in state funds and \$112,294.43 in federal funds.

I would appreciate it if you would favorably endorse this request and I am prepared to discuss this matter with you at your convenience.

/jm

SMARTWATER COMMUNITY STRATEGY WITH BROWARD SHERIFF'S OFFICE/DANIA BEACH

1. Identify Neighborhood/s

SmartWater will assist in organizing the distribution of kits working with the Police Department, the City and the community

2. Deterrence/Prevention

A Banner will be placed outside the police department.

Signage in the neighborhood, 12 X 18 aluminum signs with Sheriff department logo, city logo, and SmartWater CSI logo. Signage is part of the deterrence strategy and integral part of strategy.

Monthly crime stat report for designated neighborhoods, to be provided to SmartWater CSI, used to keep track of residential burglaries and creating overlay maps.

3. Media/Publicity

Support with a Press event to announce the initiative in the city and with the Sheriff office Dania Beach. This is an important part of the strategy, Coordinate with PIO

4. Pawn Shops and scrap yards.

Broward Sheriff's office /Dania Beach to initiate awareness of SmartWater strategy to local pawn shops.

5. Broward Sheriff's Office/Dania Beach

Training is provided by our SmartWater CSI law enforcement representative.

How to spot SmartWater and collect

Covert operation with the use of grease products/booster seat for bait operations

Signage in holding area

SW website access to Police Portal, information provided to law enforcement only.

6. Neighborhood Launch

Instant tracer, police sponsored kits to be distributed, include signage, placement of signs
SmartWater will assist with Registration process and database information.

Sole Source Letter

This letter is to provide notification that SmartWater CSI LLC is the sole source provider in the United States of SmartWater™, a patented forensic marking technology, leading to reduced crime such as burglary, robbery, metal theft and more in both the public and private sectors.

SmartWater™ is manufactured and distributed solely by SmartWater Technology Ltd. Each forensic solution is made for a specific agency or customer containing a unique forensic code, and meets the highest PAS 820 rating for forensic composition.

To the best of our knowledge, no other vendor manufactures or distributes a forensic technology that is comparable to SmartWater™.

Should you have any questions please don't hesitate to contact me.

Kind Regards,
