**Importance:** High

I received your application for a text amendment, however the submittal is incomplete and cannot be processed.

You need to provide a strike-through/underline version of your requested text amendment and a written narrative explaining why you are requesting this change. We need this information before we can process your application for public hearing. Once received, we will confirm which Planning and Zoning Board agenda your request can be heard at.

Thank you.

RE: Park'N Go - Narrative in Support of Text Amendment Application

Dear Marc:

Park'N Go of Fort Lauderdale, LLC, as Applicant, is requesting a text amendment to the Dania Beach Land Development Code ("Code"). Specifically, the Applicant is requesting a new section be added to Article 265, "Off-Street Parking Requirements," to provide regulations for automobile storage parking facilities such as the one operated by the Applicant. Enclosed with this letter is the proposed new text. As set forth below, the Applicant is seeking this text amendment because the current Code does not specifically address this type of operation and unnecessarily creates code enforcement issues when the City, like many other cities, in fact recognizes the need for this type of business and operation.

Background regarding the Applicant illustrates the need for this text amendment. The Applicant operates a parking facility at 1101 Eller Drive that provides convenient off-site parking and shuttle service for passengers heading to and from Fort Lauderdale-Hollywood International Airport and Port Everglades. The parking facility has two main areas. On the front portion of the property closest to the right of way, the Applicant operates a simple "park and lock" business at which customers park their own vehicles and are then shuttled to the airport or Port Everglades by the Applicant. Typically, the "park and lock" area serves customers with more short term trips. In the back part of the property, the Applicant operates an automobile storage parking facility. Customers drop their vehicles off near the entrance with the Applicant's staff, and the staff parks the vehicles in the back area in stacks and rows according to when the customers are scheduled to return from their trips. Prior to the time customers are scheduled to return, the staff pull the vehicles out of the storage area and stage them for customers to be dropped-off at by the courtesy shuttle.

110 Southeast Sixth Street, Fifteenth Floor • Fort Lauderdale, Florida 33301

1252788v1 980469 0016

Tel 954.525 7500 • Fax 954 761.8475 • [www.trippscott.com](http://www.trippscott.com)

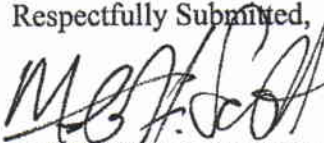

Fort Lauderdale • Tallahassee

This type of vehicle storage operation is very common for parking facilities around the country that serve airport and seaport customers, in large part because the demand for parking spots is greater than the supply of available space. The storage and stacking allows the parking lot operators to accommodate all of the customers.

The Dania Beach City Commission on more than one occasion has recognized the need for automobile storage parking facilities such as the one being operated by the Applicant. Unfortunately, the current Code does not provide specific regulations for this type of operation, and business owners such as the Applicant instead are forced into trying to squeeze the operation into standards supplied by the Code for other off-street parking areas and valet parking. In addition, the City's code enforcement staff may be forced to cite business owners like the Applicant because the parking facility may not seem to fit within the confines of the Code, when in fact the use and operation pose no life safety or health risks and create no zoning or land use issues. With the airport and seaport expanding to service more people, the Applicant believes now is an appropriate time to amend the Code to accommodate and regulate this specific type of parking facility.

The text amendment proposed by the Applicant acknowledges this unique subset of parking lot and provides reasonable regulations for its development and operation. In light of the above, the Applicant respectfully requests that staff process the text amendment and submit to the City Commission for review and approval. In advance, thank you for your consideration of this application.

Respectfully Submitted,

MATTHEW H. SCOTT

Enclosure

Proposed Text Amendment with Proposed Changes/Additions Underlined

**Sec. 265-180. - Parking of commercial vehicles and recreational vehicles.**

The parking of commercial vehicles and recreational vehicles within residential zoning districts is regulated in sections 105-110, 105-120, 105-130 and 105-140. Recreational vehicles and commercial vehicles are defined in section 725-30 (Definitions).

(Ord. No. 2010-20, § 2(Exh. A), 9-14-10)

**Sec. 265-190. Automobile Storage Parking Facilities.**

Notwithstanding the requirements of this Article 265 to the contrary, a parking facility which stores automobiles for customers, provides attendants to receive, park, and deliver the automobiles to customers one hundred percent (100%) of the operating hours of the parking facility, and does not permit customers to access or enter the designated automobile storage area without being escorted by an attendant shall be excepted from certain provisions of the design and operation requirements provided in this Article 265 as follows:

- A. Parking spaces need not be delineated with pavement markings. Stall and aisle dimensions, and automobile drop off and delivery shall be shown on the circulation plan for the automobile storage parking facility. Automobile drop off and delivery shall be provided for on-site and outside the automobile storage area.
- B. Stacking of vehicles in stalls shall be permitted. Stalls shall be a minimum eight and one-half (8 ½) feet in width and a maximum of 140 feet in depth.
- C. The delineated automobile storage area may be paved with millings.
- D. No customers shall be permitted to enter the delineated automobile storage area without being escorted by an attendant.
- E. Overnight storage of automobiles shall be permitted in the designated automobile storage area.

APPLICATION TYPE AND FEE SCHEDULE**

**INCOMPLETE SUBMITTALS ARE NOT ACCEPTABLE FOR REVIEW AND PROCESSING.**

The following fees shall apply to all applications for land use plan amendments, rezoning, special exception use, variances, site plans and other zoning related applications. These fees are used to defray staff cost in the evaluation of the proposal made and provide for the required notices and public advertisements according to Florida State Statute and the Dania Beach Land Development Code. Should any applicant have more than one type of request to the City, the applications involved should be submitted at the same time. The present City policy is to have concurrent reviews being processed before the final review and actions by the Planning and Zoning Board and/or City Commission. It is the obligation of all applicants to review the appropriate City Codes and design standards related to their proposal before making any application to the City. The standard review process for all development applications are two (2) review cycles. **Any additional review or public notice required by staff or professional consultants due to the incorrect interpretation of the Land Development Code will be charged to the applicant as per "Section 685-10 Cost Recovery for Development Review" of the Dania Beach Land Development Code.**

Proposed Zoning Text Amendment to Dania Beach Land Development Code

265-190. Automobile Storage Parking Facilities.

Notwithstanding the requirements of this Article 265 to the contrary, a parking facility which stores automobiles for customers, provides attendants to receive, park, and deliver the automobiles to customers one hundred percent (100%) of the operating hours of the parking facility, and does not permit customers to access or enter the designated automobile storage area without being escorted by an attendant shall be excepted from certain provisions of the design and operation requirements provided in this Article 265 as follows:

- A. Parking spaces need not be delineated with pavement markings. Stall and aisle dimensions, and automobile drop off and delivery shall be shown on the circulation plan for the automobile storage parking facility. Automobile drop off and delivery shall be provided for on-site and outside the automobile storage area.
- B. Stacking of vehicles in stalls shall be permitted. Stalls shall be a minimum eight and one-half (8 ½) feet in width and a maximum of 140 feet in depth.
- C. The delineated automobile storage area may be paved with millings.
- D. No customers shall be permitted to enter the delineated automobile storage area without being escorted by an attendant.
- E. Overnight storage of automobiles shall be permitted in the designated automobile storage area.
