RE: Calm Plat (017-MP-16)
City of Dania Beach

DATE: May 24, 2016

The Future Land Use Element of the City of Dania Beach Comprehensive Plan is the effective land use plan for the City of Dania Beach. That plan designates the area covered by this plat for the uses permitted in the "Regional Activity Center" land use category. This plat is generally located on the northwest corner of Dania Beach Boulevard and Gulfstream Road.

Regarding the proposed high-rise and commercial uses, this plat is subject to the executed "Interlocal Agreement for the Monitoring of Development Activity and Enforcement of Permitted Land Uses in Regional Activity Center," as recorded in Official Record Book 48123, Pages 852-857.

Planning Council staff notes that this plat is located within an area that was the subject of Broward County Land Use Plan (BCLUP) amendments PC 09-5/PCT 09-5, which amended various future land use designations to the "Dania Beach Regional Activity Center." Said amendments were adopted by the Broward County Commission on December 8, 2009, subject to the following voluntary restrictions:

- Update of the existing agreement between the School Board and the City to address the transition of the existing "Local Activity Center" designated area to a "Regional Activity Center" designation; and
- No new residential areas within the 60+ DNL contour.

Further, it is noted that the "Dania Beach Regional Activity Center" permits 7,818 dwelling units. Said dwelling units were not subject to Broward County Land Use Plan Policy 1.07.07 as the associated amendment did not propose any additional residential units to the BCLUP.

The effective land use plan shows the following land uses surrounding the plat:

North: Medium (16) Residential
South: Regional Activity Center
East: Regional Activity Center
West: Medium (16) Residential

The contents of this memorandum are not a judgment as to whether this development proposal complies with the Broward County Trafficways Plan, local zoning, other land development regulations or the development review requirements of the Broward County Land Use Plan including its concurrency requirements.

RE: "CALM" PLAT (APPLICATION #PL-39-16), 601 EAST DANIA BEACH BOULEVARD

Dear Ms. LaJoie:

Enclosed is the plat submittal for Planning and Zoning Board approval of the above-referenced project. For your convenience, we are providing Staff Comments on the April 28th DRC meeting along with our responses **in bold**, as follows:

Fire:

1. Complies with Code as submitted.
RESPONSE: Informational, thank you.

Landscape:

1. Feel free to contact Claudia Alzate for an interim review prior to your next official submittal, to expedite your landscape plan approval process.
RESPONSE: This application pertains exclusively to the plat and it does not contain any landscape details.

2. Once landscape plans are finalized, a PDF copy must be submitted via CD or email.
RESPONSE: We will pass on this information to the developer's site plan team.

Engineering:

1. Verify the latest Broward County Trafficways Plan for required right-of-way dedication, if applicable.
RESPONSE: This plat dedicates a 5-foot right-of-way to Dania Beach Blvd. in order to comply with the required total of 110 feet of right-of-way for said trafficway.
2. Needs signoff from Broward County for right-of-way dedication.
RESPONSE: We are awaiting the County's Development Review Report, which is due on the first week in June, 2016.

PAGE 2

Principal City Planner, Dania Beach
May 2, 2016

3. Provide drawing file (dwg or dgn) disk of the approved site plan in Florida State Plane Coordinate (NAD83). This should be addressed as part of the final submittal.

RESPONSE: Acknowledged.

Planning & Zoning:

1. Incomplete information was provided. Further review and comment will be conducted by staff after additional information is provided by the applicant. See comments below.

2. Per Section 640-20(C) provide conceptual access plan drawn at a standard engineering scale no smaller than 1" to 100". Plan to include:

1. The location of the centerline, with dimensions from known land ties, such as section lines or centerlines of ROW, of all proposed access locations on all public ROW abutting the plat.
2. The number and direction of lanes proposed for each driveway or roadway access location.
3. The proposed minimum distance from the ultimate ROW line from the adjacent roadway to the outer edge of any interior service drive or parking space with direct access to the driveway in the access location.
4. The proposed minimum distance from the ultimate ROW line from the adjacent roadway to any proposed gate location.

RESPONSE: A conceptual access plan is attached (see Exhibit A).

3. Per Section 640-20(I) provide tax receipts.

RESPONSE: Proof of paid 2015 tax is attached (see Exhibit B).

4. Per Section 640-20(J) Deed Restriction – "Any existing or proposed deed restrictions for properties included in the plat must accompany the plat application".

RESPONSE: There are no deed restrictions associated with this property.

5. Per Section 640-20(E) proposed direct access to the state road shall be accompanied by a valid pre-application approval letter from FDOT. Refer to City Engineer for further comment and discussion.

RESPONSE: A copy of the required letter from the Florida Department of Transportation is attached as Exhibit C.

6. Per Section 640-20(F) master sheet required – where a plat proposes development in phases, or where the graphical portion of plat covers multiple sheets, a master plan sheet shall be submitted to cover all proposed phases/land area.

RESPONSE: At this time there is no proposed phased development of this project.

7. Per Section 640-20(G) location of off-site water & sewer lines, proposed connection location and route the lines will take must be shown. Refer to City Engineer for further comment and discussion.

RESPONSE: To our knowledge, the developer plans to utilize existing lines (see plans as Exhibit D, attached)

8. Per Section 640-20(H) improvement plan – any proposed improvement to be constructed in connection with the plat shall be described in an improvement plan as set forth on Section 640-90 of the LDC.

RESPONSE: Acknowledged. We will pass on this information to the developer's site plan team

9. Per Section 640-30(C)(9) provide signature block for Community Development Department.

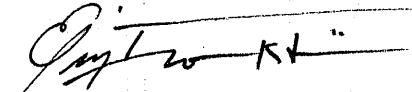

RESPONSE: Sheet 1 of the plat has been revised to include said signature block.

10. Per Section 640-30(C)(13) mortgagee approval and acknowledgement language is needed.

RESPONSE: Mortgagee approval and acknowledgement language is provided on Sheet 1 of the plat.

Thank you for letting us move forward to the next available Planning & Zoning Board meeting; we are enclosing six (6) copies of plat & survey. If you have any questions or we can be of further assistance please do not hesitate to contact us.

WE APPROVE YOUR REQUEST

This decision is based on your presentation of the facts, site plan and survey - please see the conditions and comments below. You may choose to review this concept further with the District Access Management Review Committee (AMRC).

Conditions:

- A minimum driveway length of 30 feet, as measured from the ultimate right-of-way line to the first conflict point shall be provided. If a guard gate is installed a minimum driveway length of 100 feet is required.
- A right turn lane is required and must meet FDOT design standards and include space for bicycle lane.
- Driveway 1 and Driveway 2 shall have a maximum width of 16 feet and be radial return.
- All other existing driveways along the frontage of the property shall be closed.

Comments:

- Drainage mitigation is required for any impacts within FDOT right-of-way (i.e. increased runoff or reduction of existing storage). A Storm Water Pollution Prevention Plan must be submitted with the application for more than one acre of "disturbed area" as defined by the Florida Department of Environmental Protection (FDEP).
• The applicant shall donate the right-of-way to the Department if right-of-way dedication is required to implement the improvements,
• All driveways not approved in this letter must be fully removed and the area restored.
• Dimensions between driveways are measured from the near edge of pavement to near edge of pavement and for median openings are measured from centerline to centerline unless otherwise indicated.

The purpose of this Pre-Application letter is to document the conceptual review of the approximate location of driveway(s) to the State Highway system and to note required improvements, if any. This letter shall be submitted with any further reviews and for permitting. The Department's personnel shall review permit plans for compliance with this letter as well as current Department standards and/or specifications. Final design must consider the existing roadway profile and any impacts to the existing drainage system. Note, this letter does not guarantee permit approval. The permit may be denied based on the review of the submitted engineering plans. Be aware that any approved median openings may be modified (or closed) in the future, at the sole discretion of the Department. For right-of-way dedication requirements go to: https://gis.dot.state.fl.us/OneStopPermitting; click on Statewide Permit News; Scroll down to District 4; Scroll down to Additional Information and Examples and choose Right-of-way Donations/Dedications.

Please contact Geysa Sosa, P.E. at the District Permits Office with any questions regarding permits - Tel. # 954-777-4377, Fax # 954-677-7893 or e-mail: geysa.sosa@dot.state.fl.us.

Hello. As a resident of Dania Beach, I am contacting you about my concerns for the proposed project at 601 East Dania Beach Blvd by Calm Properties LLC. I live in the Sea Oaks Condo directly behind/adjacent to this property. This is a very small, nice, quiet, and peaceful condominium. I understand the owner's of 601 property are requesting to build a 14 story mixed use building. If this is allowed, this will have a dramatic negative affect on my lifestyle and my neighbors lifestyle and it will also dramatically decrease the value of my condo.

I strongly disagree with something so large being built adjacent to our property and I strongly urge the commissioners to only approve a project that is considerably down scaled and that is more cohesive to the surrounding properties. Thank you.
