Re: Early Action Voluntary Residential Sound Insulation Pilot Program ("Pilot Program")

Dear Commissioner Anton:

Pursuant to the direction of the Broward County Board of County Commissioners ("Board"), the Broward County Aviation Department ("BCAD") is providing for your review some updated information concerning the Pilot Program. I have attached a copy of the Board direction regarding Item 17, of the May 5, 2009 Board meeting.

Enclosed you will find a revised and updated Agreement For Homeowner Participation in Voluntary Residential Sound Insulation Pilot Program ("Agreement"). The revised Avigation Easement for the Pilot Program is Exhibit "C" to the Agreement. These documents are in red-line showing changes from the earlier versions developed by BCAD. The red-lined changes reflect the issues identified by the Board. That is, which components of noise mitigation would be available to homeowners who sign the Avigation Easement, or not, the pass through of warranties from the contractors to the homeowners, and also a limitation on the duration of the Avigation Easement.

I have also attached a copy of 49 CFR Part 24 – Uniform Relocation Assistance in Real Property Acquisition for Federal and Federally Assisted Programs (Uniform Act Regulations). These regulations ensure that homeowners receive consistent, equitable treatment as a result of federally assisted project implementation.

Also enclosed for your information is the material regarding the pilot program that was provided to the Board as part of its March 17, 2009 Workshop.

In addition, I have enclosed a copy of the Federal Guidelines for Sound Insulation of Residences Exposed to Aircraft Operations and a copy of the antecedent report. These documents provide both the programmatic and technical guidance necessary to effect residential sound insulation.

Finally, enclosed is the material regarding the Pilot Program that was presented to Dania staff on March 18, 2009.

I believe that these provide a well thought out beneficial program for all concerned. I would appreciate receiving the City's comments and feedback on this Agreement by July 1, 2009.

Sincerely,

Kent G. George, A.A.E.
Director of Aviation

KGG/ml
